:

This is in response to the "Second renewed petition under 37 CFR §1.47(b)¹, filed December 17, 2002².

The above-identified application was filed on April 24, 2001, without an executed oath or declaration and identifying James H. Johnson and John DiDomenico as joint inventors. On May 10, 2001, applicant was mailed a "Notice to File Missing Parts of Nonprovisional Application - Filing Date Granted", requiring an executed oath or declaration in compliance with 37 CFR §1.63, and a surcharge for its late filing. This Notice set a two-month period for reply.

On November 13, 2001, the original petition was filed, which was dismissed via a decision mailed on February 21, 2002. On April 22, 2002, the renewed petition was filed, which was dismissed via a decision mailed on August 29, 2002.

1 A grantable petition under 37 CFR 1.47(b) requires:

- (1) The petition fee;
- (2) a surcharge if the petition was not filed at the time of filing of the application;
- (3) a statement of the last known address of each of the non-signing inventors;
- (4) proof that a copy of the application was sent or given to each of the non-signing inventors for review;
- (5) proof that each of the non-signing inventors refused to sign;
- (6) proof that the Rule 47(b) applicant has sufficient proprietary interest in the subject matter to justify the filing of the application;
- (7) proof of irreparable damage, and;
- (8) an acceptable oath or declaration in compliance with 35 U.S.C. §§ 115 and 116 and 37 CFR 1.63.

2 On June 9, 2003, a supplemental letter was received via facsimile transmittal.

With the Second renewed petition, and the supplemental letter, the procedures set forth meet the requirements of this section of the Code of Federal Regulations, in that the documents submitted establish that a complete copy of the application was sent to the first named non-signing inventor, and he has failed to respond, and that the second named inventor cannot be located. Petitioner has also included a two-month extension of time to make timely this request.

As such, the above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(b). This application is hereby accorded Rule 1.47(b) status.

As provided in Rule 1.47(b), this Office will forward notice of this application's filing to the non-signing inventors at the addresses given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the application will be forwarded to Technology Center 3600 for further processing.

Telephone inquiries regarding *this decision* should be directed to the undersigned at (703) 305-0011.
